

T.L.C.

Carpet & Upholstery Spotter

T.L.C. is an easy to use aerosol spotter and prespray for carpets and upholstery. The water-based formulation removes grease, oil, food, grass, protein, crayon, lipstick, makeup, shoe polish, ink, and tar from carpets, upholstery, and many other types of fabrics and including linens. The inverted spray valve makes using even easier. Simply point the can and spray - even if the can is upside down! Pin-point accuracy from a standing position eliminates awkward kneeling. Pleasantly scented, no irritating fumes or vapors. The perfect prespotting solution before cleaning carpets and upholstery. Ideal for use as a prespray for makeup in laundries.

DIRECTIONS

Read the entire label and SDS for proper use, handling and storage before using this product.

Carpet & upholstery prespray:

1. Shake can before using.
2. Remove cap and point can towards spot or stain.
3. Spot or stain will dissolve and disappear, or can be blotted with clean white line or paper cloth.
4. Excessively heavy grease may require a second application.

Laundry prespray:

1. Shake can before using.
2. Remove cap and point can towards spot or stain.
3. Place in wash wheel or presoak as usual.

FAST FACTS

- Inverted valve - simply point and spray from any position
- Use from standing position - no need to kneel, brush, and blot
- Prespray for carpets, upholstery, and other fabrics
- Effective on ink, tar, grease, makeup, food, and medicines
