

Palm Liquid Hand Soap

Natural Coconut Oil

Pure refined natural coconut oil hand soap. Pleasantly scented and mild. The rich, silky lather is excellent for use in dispensers requiring a hand soap that is thin and not thickened or viscous. The 15% coconut formulation is ideal for central soap systems. Cleans dirt, soil, and light grease from hands, skin, and areas around fingernails.

DIRECTIONS

Read the entire label and SDS for proper use, handling and storage before using this product.

1. Wet hands and apply small amount of soap in palm of hand.
2. Rub hands together briskly, working lather into knuckles, skin creases, and around fingernails.
3. Use fingernail brush to remove soil from under nails.
4. Rinse with water.

FAST FACTS

- Natural refined coconut oil formulation
- Pleasantly scented and mild
- Use where thicker products are not desired
- Rich foam
