

# Low Foam Alkaline CIP-2

Highly concentrated chelated caustic solution for use in low foam applications such as CIP (Cleaning-In-Place) or high pressure systems. Instantly attacks grease, oil, and other alkaline-sensitive soils. Balanced chemistry allows consistent performance and results during extended cleaning operations. Works effectively all water temperatures and conditions. Soils rinse freely from surface. No residual odor or fumes.

## DIRECTIONS

Read the entire label and SDS for proper use, handling and storage before using this product.

**CAUTION: Contains caustic. Do not use on aluminum, pewter or other soft metals.** Consult your chemical representative for specific use applications and directions.
