

# Contempo

## Nonchlorinated Detergent for Automatic Dish Machines

Heavy duty alkaline detergent for use in automatic dishwashing systems. Loosens and emulsifies soils from dishes, glassware, plastic, pots/pans, and utensils. Low foam - works in all water temperatures and conditions. Spot-free rinsing. Ideal for use in conveyor, flight type, single rack, and undercounter dishmachines. Excellent performance and results in automatic pan washing machines.

### DIRECTIONS

Read the entire label and SDS for proper use, handling and storage before using this product.

#### Dish machines / Pan washers:

Set dispenser for proper dilution using test kit and pH measurements based upon water conditions and soil load.

#### Other applications:

Consult your chemical representative for proper use and recommended dilutions.

### FAST FACTS
