

Low Foam Delimer

Acid Descaler

Low foaming Phosphoric Acid cleaner quickly dissolves and removes lime scale, rust, and other hard water deposits. Low Foam Delimer can be used on acid-safe surfaces including many metals such as stainless steel and aluminum in food service or industrial applications. Low foaming - ideal for general deliming of equipment/appliances, descaling dishmachines, kettles, boilers/heat exchangers, HVAC equipment, or for use in Cleaning-in-Place (CIP) procedures.

DIRECTIONS

Read the entire label and SDS for proper use, handling and storage before using this product.

Glassware:

1. Use ½ oz. per gallon of water.
2. Soak glassware until clear of lime buildup.
3. Rinse thoroughly.

Steam tables:

1. Spray or brush full strength on steam coils.
2. Let stand 5 minutes.
3. Fill tank with hot water.
4. Brush steam table interior thoroughly.
5. Drain and rinse with clean water.

Light to medium lime buildup in dish machines:

1. Fill wash tank ¾ full.
2. Add 1 gallon of Low Foam Delimer to tank.
3. Turn on machine and circulate until free of lime deposits.

Coffee urns:

1. Add 2 gallons of hot water to urn.
2. Add 3 oz. of Low Foam Delimer, swab down interior, drain, and flush thoroughly.

FAST FACTS

- Low foam
- No harsh odors
- Safe on metal surfaces
- Highly concentrated for added economy
