

T.L.C.

Traffic Lane Cleaner & Spot Remover

T.L.C. is a multi-purpose spotter, prespray, and bonnet buffing compound for use on carpets, rugs, and upholstery. Formulated to remove a wide variety of spots, stains, and soils. Fast-acting and low-foaming, T.L.C. is ideal for pretreating heavily soiled traffic lanes before carpet shampooing or extraction procedures. Use alone as a spotter for oil, grease, tar, ink, and food soils. T.L.C. works as a bonnet buffing cleaning solution when low moisture maintenance is preferred.

DIRECTIONS

Read the entire label and SDS for proper use, handling and storage before using this product.

Test for colorfastness by applying undiluted solution in an inconspicuous area.

Spotting:

1. Apply undiluted solution to spot/stain. Allow to penetrate.
2. Blot with clean white cloth.
3. Rinse with clean water.

Traffic lane prespray:

1. Dilute with 5 parts of water.
2. Spray onto heavily soiled areas of carpet.
3. Extract or shampoo in normal fashion.

Bonnet buffing:

1. Dilute with 8-16 parts of water depending on soil level.
2. Spray onto carpet or immerse & wring bonnet dry in mop bucket.
3. Bonnet buff in normal fashion.
