

Defoam-FL

A.F.A. (Anti-Foaming Agent)

This anti-foaming agent reduces and controls excess foam in industrial and food processing washing applications, eliminating unwanted and costly inconvenience. Controls foam in high pressure, CIP (Cleaning-In-Place), mechanical washers, scrubbing, and vacuuming processes. Can be used through automatic feed equipment or dispensed by hand in accordance with acceptable manufacturing practices.

DIRECTIONS

Read the entire label and SDS for proper use, handling and storage before using this product.

Defoam-FL can be applied with automatic dispensers, sprayers, or directly hand fed. Disperse Defoam-FL in accordance with good manufacturing practices. Use of more than 20 fluid ounces per 1,000 gallons of treatable water is not recommended for food contact surfaces. Consult your chemical representative for specific use applications and directions.

FAST FACTS

- Highly concentrated
- Effective on all foam
- Use with alkaline or acid formulations
- Versatile
