

933 Powdered Laundry Detergent

Commercial Strength

933 Powdered Laundry Detergent is a commercial strength formulation for use in all types of washing equipment and in all facilities. Tough enough to remove embedded soils, yet gentle for fine linens and delicate fabrics. This product can be used in all water temperatures and water conditions. Effective on hard to remove grease, oil, and protein soils. Loosens, lifts, and suspends soils for complete cleaning and free rinsing. Use in commercial OPL (on premise laundry), institutional and home style machines including front loading high efficiency machines (HE).

DIRECTIONS

Read the entire label and SDS for proper use, handling and storage before using this product.

Top loading machines:

Light soil: Add ½ cup of detergent.

Heavy soil: Add ¾ cup of detergent.

Commercial machines:

Light soil: Add ½-1 cup per 50 lbs. of dry laundry.

Heavy soil: Add 1-2 cups per 50 lbs. of dry laundry.
