DILUTION CONTROL SYSTEM

1. Choose the right product for your cleaning task.

2. Remove cap and insert into dispenser until it locks in place.

3. Push low flow button to fill small bottles.

4. Push high flow button to fill mop buckets and auto-scrubbers.

5. Remove product bottle after use. Hold bottom of the cleaner concentrate container and slide release lever to the right, pulling down on the cleaning concentrate. Replace cap and put back into storage rack.

PRODUCT NAME		DESCRIPTION	APPLICATION
03	EM003 e.logical Non-Solvent Cleaner Degreaser	 Superior spray & wipe cleaner/degreaser. Easily loosens oils, grease, and other soils.	Floors, walls, painted surfaces, countertops, equipment, machinery, filters.
