Immediately flush with plenty of water, including under the eyelids. Remove any contact lenses if present and easy to do. Continue to rinse for a total of 15 minutes. Keep eye wide open while rinsing. If symptoms persist, call a physician.

Inhalation
Remove to fresh air. Get medical attention for any breathing difficulty.

Ingestion
Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Clean mouth with water. Call a physician or poison control center immediately.
Most important symptoms and effects, both acute and delayed

Symptoms
Any additional important symptoms and effects are described in Section 11: Toxicology Information. Stinging, swelling, tearing and redness of the eyes. Severely corrosive to the eyes, and may cause permanent damage, including blindness. May cause allergy or asthma symptoms or breathing difficulties if inhaled. Prolonged or repeated contact may cause skin irritation or dermatitis.

Indication of any immediate medical attention and special treatment needed

Note to physicians
Probable mucosal damage may contraindicate the use of gastric lavage. Treatment based on judgment of the physician in response to reactions of the patient. Treat symptomatically.
