

ZING[®]

BOAT CLEANERS

CLEAN, BRIGHTEN AND PROTECT!

Fresh water or salt, ZING® Professional and ZING® Marine Safe products keep boats and aluminum pontoons looking their best, both above and below the water line. ZING® boat hull products remove stubborn stains and residue from algae, oxidation, oily deposits and waterline discoloration from any boat or vessel.

ZING® Marine Safe Cleaners remove tough soils quickly and more safely than traditional products. ZING® Marine Safe products are designed for the boat owner and detailer who want performance and safety. ZING® Marine Safe products contain ingredients that are readily bio-degradable and are phosphate free. Use Marine Safe products all year long in both fresh and salt water.

ORIGINAL FORMULA

BOAT HULL CLEANER

N074-Q12 / 10007	32 oz.	12/cs
N074-G4 / 10008	1 gallon	4/cs
N074-P5 / 10005	5 gallon	Each
N074-D55 / 10009	55 gallon	Each

The “original” and still the best choice for boat hull cleaning by *professionals everywhere!* **ZING® Professional Boat Hull Cleaner** is a heavy duty professional strength formulation that easily and quickly removes the toughest build-ups on fiberglass, painted wood and steel hulls. Use in fresh water and salt water. Removes grease, grime, stubborn stains and residue from algae, barnacles and zebra mussels from hulls, exposed power drives and propellers. Use pre-season, for winterizing or anytime the boat is removed from the water for scheduled maintenance. Apply with **ZING® Mop Applicator** or **ZING® acid resistant sprayers**.

- Professional strength and power
- Quickly removes the heaviest build-ups
- Safe on fiberglass and painted wood
- Use on fresh and salt water boats

PROFESSIONAL

FORMULA IV

ALUMINUM PONTOON & BOAT CLEANER

N879-Q12 / 10011	32 oz.	12/cs
N879-G4 / 10012	1 gallon	4/cs
N879-P5 / 10013	5 gallon	Each
N879-D55 / 10055	55 gallon	Each

ZING® Professional Aluminum & Pontoon Boat Cleaner cleans and brightens the toughest oxidation and staining on aluminum pontoons, boat hulls and lower units. This heavy duty cleaner quickly removes marine deposits, scum, oxidation and discoloration. It brightens and restores aluminum that has oxidized and has become dull due to stains and the effects of weather and water over time. Excellent for use on pontoons and boats in both fresh and salt water. Removes grease, grime, stubborn stains and residue from algae, barnacles and zebra mussels from pontoons, exposed power drives and propellers. Apply with **ZING® Mop Applicator** or **ZING® acid resistant sprayers**.

- Cleans and brightens aluminum in one step
- Professional strength cleaning power
- Removes scum, oxidation and discoloration
- Use on fresh and salt water boats
- Contains no phosphates

ACCESSORIES

ZING® MOP APPLICATOR

625-40010

100/cs

ZING® Mop Applicator is for safe, easy application of **ZING® Boat Cleaners**. Keep aluminum pontoons and boats looking their best.

- Acid resistant fibers stand up to the harshest conditions
- Fuller head provides greater absorbency
- Includes 5-3/4" mop head

ACID-RESISTANT SPRAY TRIGGER SPRAYER

625-40015*

*special order item

32 oz. (sprayer)

Each

Outer body design protects the piston spray assembly providing exceptional resistance to acids and other harsh liquid solutions. Long lasting, with greater output per spray compared to traditional sprayers. Fits most quart bottles. Adjustable nozzle for mist to stream spray patterns.

- Up to 40% greater output per stroke
- Designed for acid-based formulations
- Extra-large spray pattern
- 9-1/4" dip tube
- Adjustable nozzle: mist to jet stream

EZ-ACTION PUMP (for 5 gallon pail)

625-BEZ25-5*

625-BEZ200/500*

*special order item

5 gallon (capacity)

55 gallon (capacity)

Each

Each

Tough and ready to pump thin and viscous liquids. Constructed of polypropylene and polyethylene, two fingers on the handle is all the energy required to operate. Flows at 6 oz. per stroke and has a simple locking feature to prevent spills from accidental use.

- Tough and durable
- Works with thick or thin liquids
- Use with cleaning products and many solvents
- 6 oz. per stroke
